File 87-8-125 Date June 3, 1987

PUBLIC NOTICE

Hogback Lake Property Owners Association, Hogback Lake, LeRoy, Michigan 49655, has applied to this office for a permit under authority of Act 346, Public Act of 1972, as amended, to lower (about 3 feet) high water level on Hogback Lake by installing 240 lineal feet of 48 inch diameter pipe discharging to an unnamed pond and to clean out and repair about 200 lineal feet of existing 56 inch diameter outlet pipe from the unnamed pond to McCoy Lake marsh, T19N, R9W, Section 19, Rose Lake Township, Osceola County, Michigan, in accordance with plans attached to this notice.

THIS NOTICE IS NOT A PERMIT

When an application is received for a permit to authorize work in or over inland waters of the State of Michigan, the INLAND LAKES AND STREAMS ACT provides that the Department shall submit copies for review to the Director of Public Health, the City, Village and Township, and the County where the project is to be located, the local Soil Conservation District, the local Watershed Council organized under Act No. 253 of the Public Acts of 1964, if any, the local port commission, if any. Additionally, notification is provided certain persons as provided by statute or determined by the Department.

Those persons wishing to make comments on the proposed project shall furnish this office with their comments in writing no later than 20 days from the date of submission for review of this notice. Unless a written request is filed with the Department within 20 days after the submission of this notice, the Department may grant the application without a public hearing. The determination as to whether a permit will be issued or a public hearing held will be based on an evaluation of all relevant factors including the effect of the proposed work on the public trust or interest, including navigation, fish and wildlife, pollution, and the general public interest. Written comments on these factors will be made part of the file and will be considered in determining if it is in the public interest to grant a permit. Objections must be factual and specific and fully describe the reasons upon which any objection is founded.
